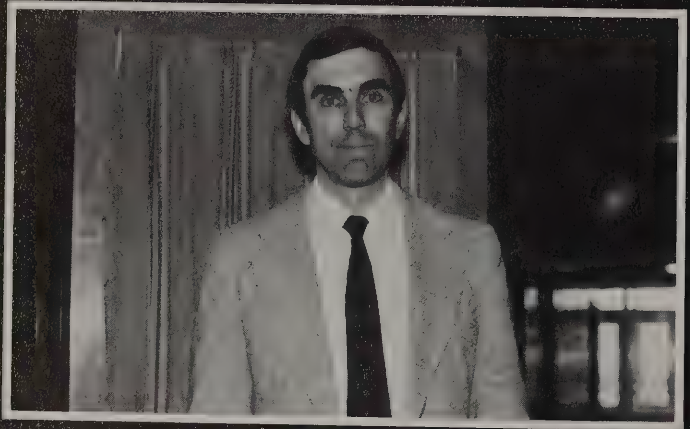
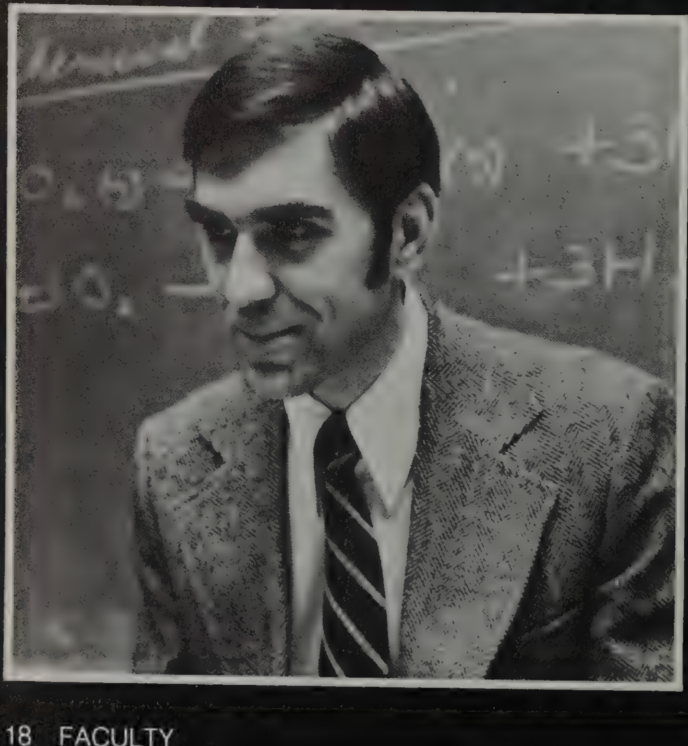
J. NICHOLAS GRABNER





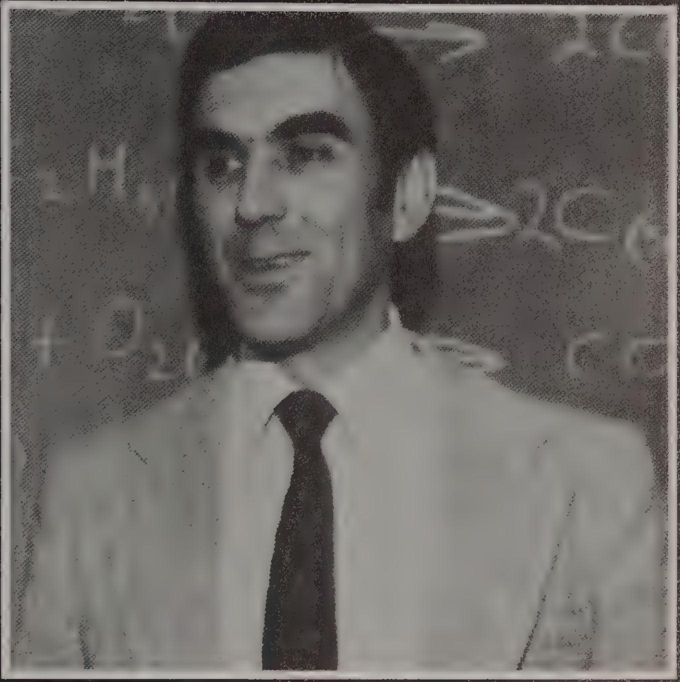
Dear Mr. Grabner,

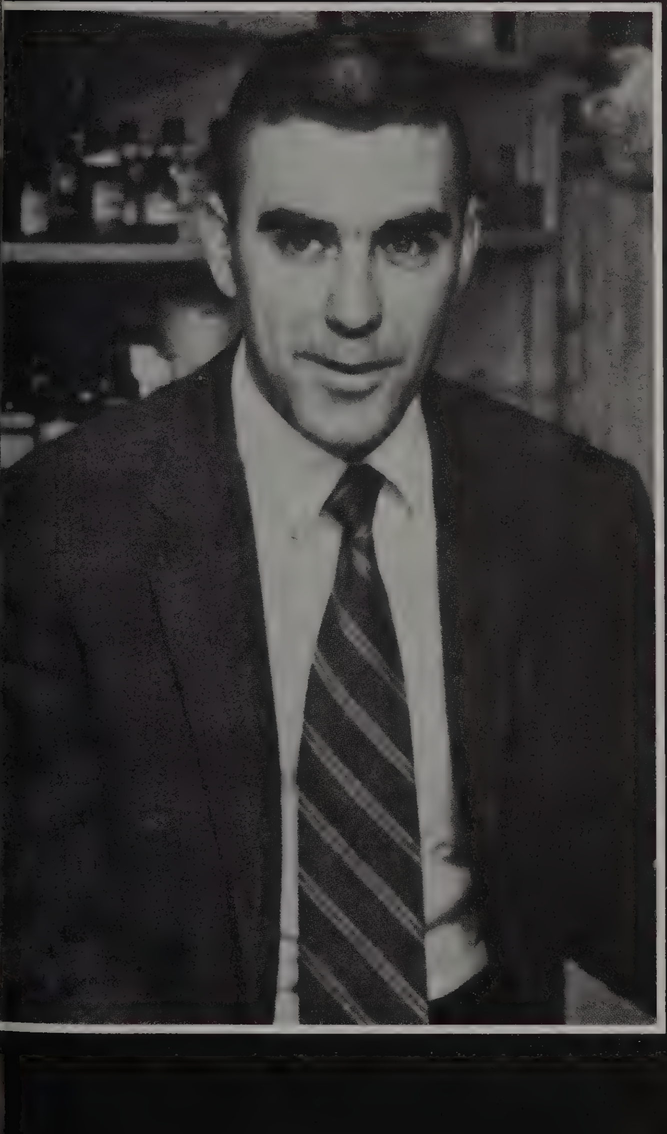
In the time we've spent away from you, we've come to appreciate more than ever what you represent and what you taught us. You were old-fashioned and conservative, and although we didn't always agree with you, we always respected you. You are never far from our minds and always close to our hearts. We miss you, but we are thankful for the precious time we shared. We can only pray that whatever we may do in life, we will do it with the same enthusiasm, vitality, compassion, and patience that you did. — Jennifer Del Nero

JULY 1, 1941 — JUNE 27, 1988

The science department joins the staff and the students Catonsville High in dedicating this yearbook to the emory of John Nicholas Grabner.

Ir. G" dedicated 25 years of his life and his love to atonsville High students. As the consummate teacher, he ught his students to aspire to excellence in their ed- cational goals, and in their personal lives. He taught us all at the most valuable gift that one can give to a just cause oneself. "Mr. G" was devoted to the highest moral inciples and set standards for himself that most of us ould never consider possible. As SGA advisor and spon- r for the "It's Academic" team, he touched many of us yond the classroom. No question was too trivial and no oblem was too small that "Mr. G" wouldn't take the time talk to us about them. Those of us who knew and loved Ar. G" have been touched in a very special way. We can oudly say that we knew someone who epitomized the al that we should all set for ourselves: "Be the BEST that e can be". Nick was the best that he could be.





Mr. Grabner was an inspiration to me both as a teacher and a colleague. He was a kind, caring, and genuinely gentle person. The example he set will be a continued inspiration for generations of Catonsville High Staff and graduates. — Pat Perrich

ADMINISTRATION

The 1989 school year brought about many changes within the Administration. Most importantly, CHS gained two new assistant principals, Mrs. Twilley and Mr. Mitchell. The new administrators worked in conjunction with the established team of Mr. Mayer and Mr. Harmeyer. Together, the administrators enforced the values and principles of positive growth, discipline, and maturation. Other clerical jobs, such as grades and scheduling await the administration, but they continue to hold their efforts to providing the quality leadership and friendship that is the backbone of our school.

ART/MUSIC

This year the Art Department broadened its horizons by bringing in outside resources. Professional artists assisted students in wood and stone carvings. The Photography offerings were reduced this year to a semester because of a reduction in staff.

The Music Department, under the new direction of Mr. James Wharton, an alumni of Catonsville High School, continues to maintain the same degree of excellence as in past years. The high school symphonic band was a welcome addition to the homecoming football game. The department successfully held its annual fruit sale with funds going to further the resources.

BUSINESS

The Business Department offered classes for students pursuing business careers. Serving the school and the community, the business department helps prepare students for entry into the active business world. The department has grown in the past years, giving students the opportunity to work in a new computer lab, and gain valuable experience for the ever-increasing technology they will encounter.

LANGUAGES

The foreign language department has grown and has expanded in many ways. French and Spanish students continue to achieve at high levels in nationwide achievement tests. Outside of classes, Latin students participated in the county wide Latin Bowl, once a month. "One of the things we're working towards for next year," says Mr. Lewis, "is to have a new course, Japenese I."

GUIDANCE

Helping to prepare students for college and career oriented lives, the Guidance Department offers information on college selection, admission, and financial aid. In addition to arranging in school representation from numerous colleges, the Guidance Department helped organize and sponsor college fairs at Woodlawn High School and Catonsville Community College. For the first time in 15 years, the Guidance staff was limited to 3 conselors, each having approximately 370 students. Playing a crucial role in the lives of students, the guidance department helps establish foundations for growth and experience in the future.

INDUSTRIAL ARTS / HOME EC

The Home Economic Department, headed by Mrs. Goff is working on generating interest in a new class that may be offered next year, called Fashion Strategies/Dressing For Success. As always the department is trying to get more people involved in the many classes offered.

The Industrial Arts Department has undergone many changes this year. In addition to the five new computers, the department has started a new class entitled Research and Experimentation in Bio. Technology, which should gear the classes towards Science and Math technology.

LIBRARY/NURSE

This year, the library continued its efforts to further educate and aid the student body. The library's computer was more accessible to the students than in past years, and offered SAT practice disks for the benefit of all students. Another new addition to the library was the "on line search" information program which enabled the staff and student body to obtain information quickly and easily from anywhere in the country.

The nurse, Mrs. Chalcraft, coordinated many health programs this year, including faculty wellness programs and various blood drives. In addition to caring for us daily, the nurse stood by at football games and hepled to recruit various speakers for health classes and SADD.

MATHEMATICS

This was a successful year for CHS's Math Department. Designed to teach Geometry without the student — troubling aspect of proofs, Fundamentals of Geometry was added to the curriculum. According to Mr. Quinby, the year's major goal for the Math Department was to have 80% of all students pass the Functional Math Test.

PHYS ED

Cooperation, sportsmanship, team work, and fun are some of the many goals stressed by the Physical Education Department. Offering co-ed classes for all grades, and leadership positions for juniors and seniors, the department had good class turnouts and high enthusiasm this year. Offered by the Physical Education Department are the required health classes. Encouraging participation and interest in health issues, the deparment hosted many speakers who were experts in various fields.

SCIENCE

This was a very transitional year for the Science Department. The loss of Mr. Grabner caused many changes for the teachers and students. In tribute to him, a scholarship fund was set up in his name. A new addition to the Science Department, Mrs. Siedel, has offered her expertise in the field of chemistry. This year, a second computer was added to the Science Department along with a new elective, Earth Science Horticulture, increasing opportunities to the students. "We are all very reminiscient about Mr. Grabner", said Mr. Lynch, "and we are devoting this year to him."

SOCIAL STUDIES

According to Mrs. Peggy Golden, chairman of the Social Studies Department, the deparment experienced high levels of achievement throughout the school year. Citizenship test scores were very impressive.

Students' participation in Social Studies extended beyond the classroom. The Baltimore county/state page program and mock trial team were advised by Mr. Novicki. In additon to these programs, students took on the role of government officials for a day in attempts to learn more about our government and its workings.

Mrs. Golden was very pleased with students' interest and extra curricular activities and their participation in Social Studies.

SPECIAL SERVICE

The Reading Department, designed to aid students in their personal reading needs, increased its student enrollment this year. The classes offered include Reading Lab and SAT Prep.

The Special Education Department gives CHS students the chance to get more individualized attention in the areas in which they need assistance.

The Cooperative Education Program is especially proud this year of the employer appreciation continental breakfast that was held in January. Its purpose was to show thanks and recognition to all employers and parents of the COP students.

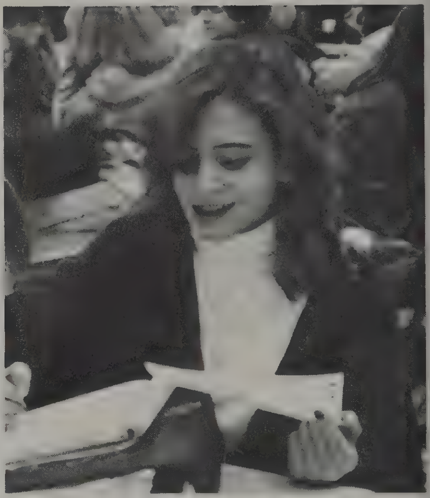
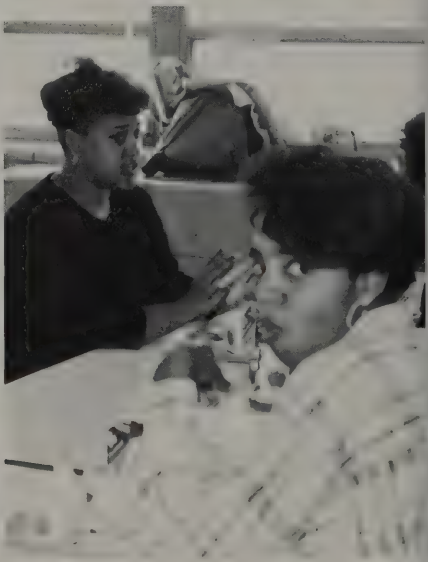
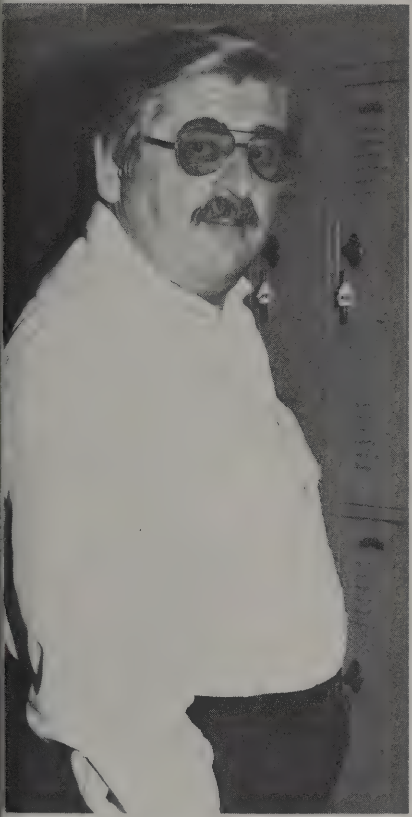
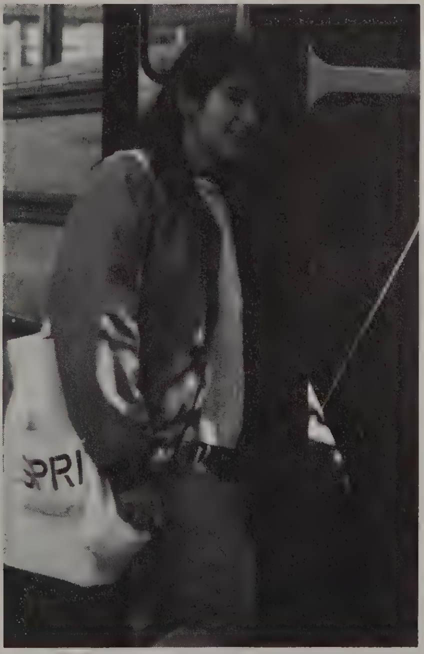
SPECIAL THANKS

Special thanks is dedicated to everyone involved in working on the maintenance of Catonsville including those with grounds, custodial, cafeteria, and busing. These people are in some respects the most important, as the school could not be successfully run without them. They are therefore entitled to a "Special Thanks" from the students of CHS.









WESTERN VOTECH

It has been an outstanding year for Western Vo-Tech. In October, they won a $1,500 grant in commendation of their excellence in state wide vocational education. Vo-Tech has changed, and their productive image is upheld by mandatory uniforms. Students at Vo-Tech are benefitting, because twenty one out of twenty three courses offer early CCC credit, and student work-study programs continue to thrive.

The Road goes ever on and on down from
where it began. Now far ahead the Road
has gone and I must follow, if I can,
Pursuing it with weary feet,
until it joins some larger way,
where many paths and errands meet,
And whither then? I cannot say.

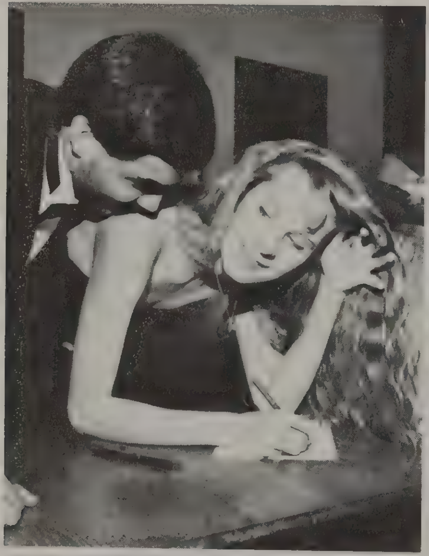
SENIOR PROM

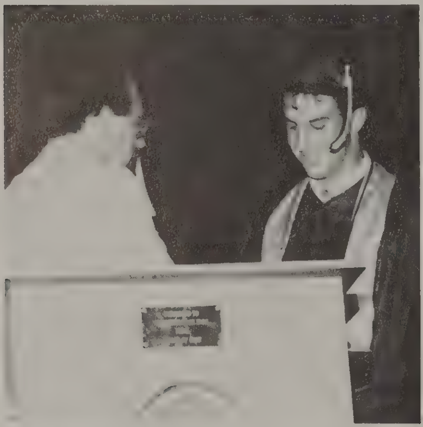
On May 27, 1989, the senior class held its senior prom at the Kittamuqundi Room in Columbia. For the first time ever in Catonsville history, seniors and their dates were given the option of being served a sit-down dinner from Kevin's Katerers before the prom. Portraits were taken by Thorton Studios throughout the evening. The band, Pebbles and the Bam Bam Boys, kept everyone in a festive mood until the evening drew to a close and couples danced to the theme song, "This is the Time", by Billy Joel while reflecting on the memorable evening.



SENIOR AWARDS

The class of '89 contributed more scholarship money than any other graduating class at CHS. Five thousand dollars worth of scholarships were donated by the senior class; four $500 scholarships and four $250 scholarships were among the many awards granted to outstanding students in the class. One of the newly initiated scholarships was in memory of Jenni Beth Moore and was for the sum of $1500. Another $500 was donated in memory of Nick Grabner. In addition to the scholarships awarded, the class of 1989 forwarded the remaining funds in their class treasury to the Grabner Scholarship Fund which has been set up to recognize outstanding students who plan to continue their learning in the field of science.

Kim VanNewkirk — Outstanding Theatre Arts Student

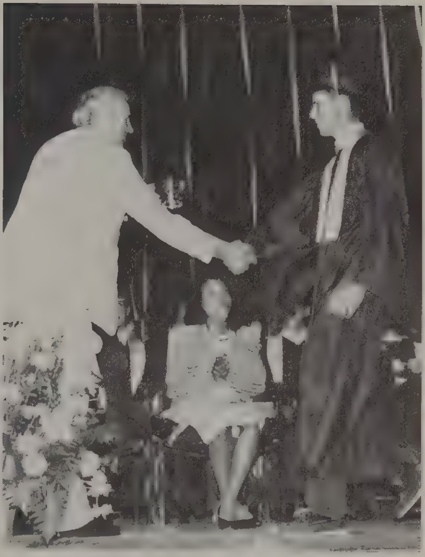


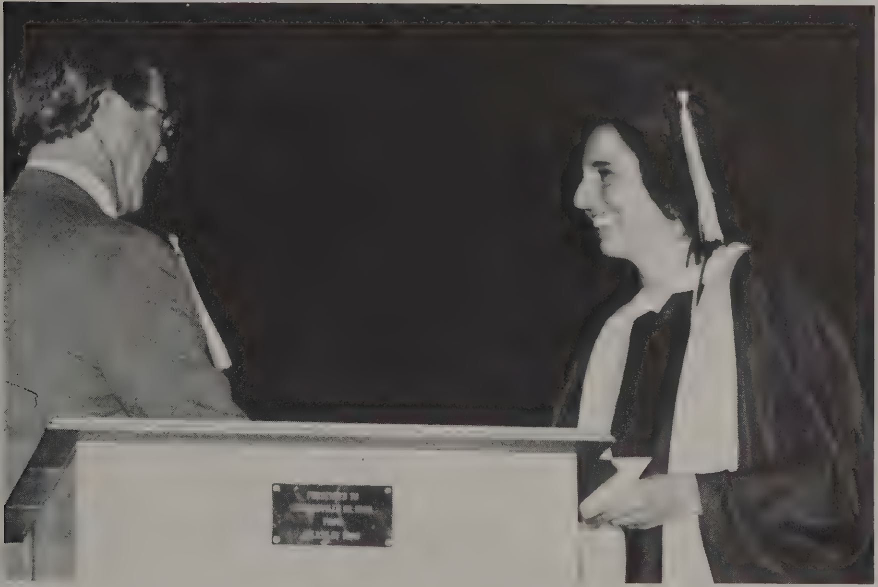
Cathy Cross — Westowne Elementary School PTA

Peter and Paul Taylor — CHS Booster Club

Cha Palanki — American Legion Post 109 Scholarship

HALETHORPE, MD.



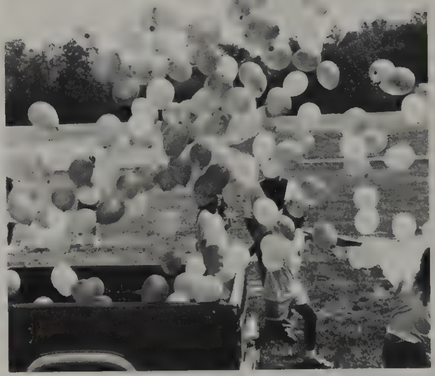


Jennifer Disney — Elks National Foundation Scholarship

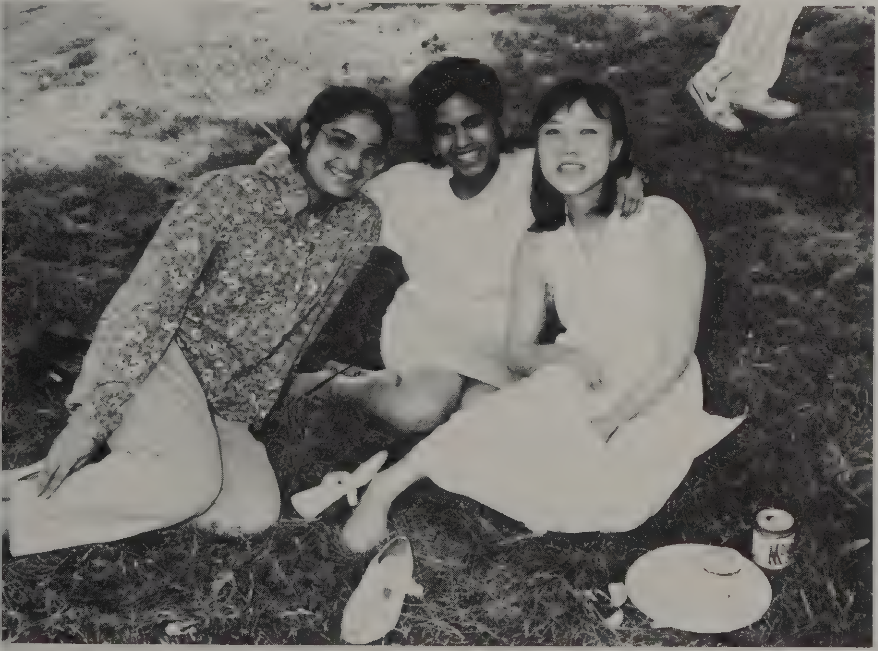
Yen Bang — Outstanding Economics Student

SENIOR DAY

On June 1, 1989, the Senior class went to the lower field to celebrate Senior Day. Music was provided for the seniors by B104. Throughout the day, there were many activities for the seniors to participate in. These activities were organized by the senior day committee. Taneytown Caterers supplied sandwiches, drinks, and snack food for everyone at the event. Senior Day allowed for the seniors to congregate and have a lot of fun on one of their last days together.



BACK JACKS



GRADUATION

On Thursday, June 8, the class of 1989 said its farewell to CHS at the graduation ceremony held at the UMBC Field House. The student body of 245 marched down the aisle and across the stage to receive their diplomas. After an introduction by Jennifer Helt and the pledge by Kimberly Holland, the President's message was delivered by Aimee Smith. Mistress of Ceremonies, Kelli Adolphi, smoothly led the group through the ceremony. This year's Valedictorian, Jennifer Disney, and Salutatorian, Patrick Crowe, each gave an inspiring speech which helped the seniors to go out into the world feeling good about their four years at Catonsville. Congratulations and good luck to all the seniors of the class of 1989.

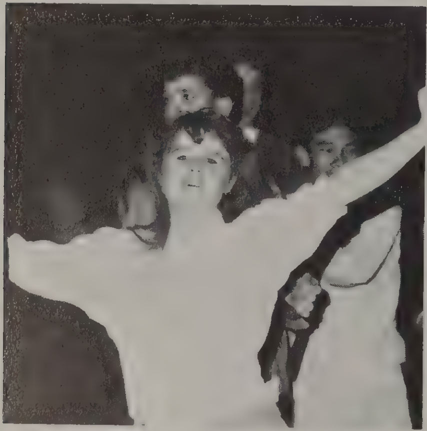
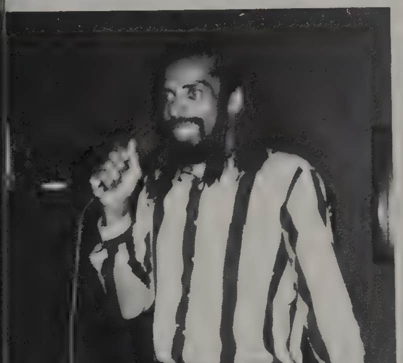
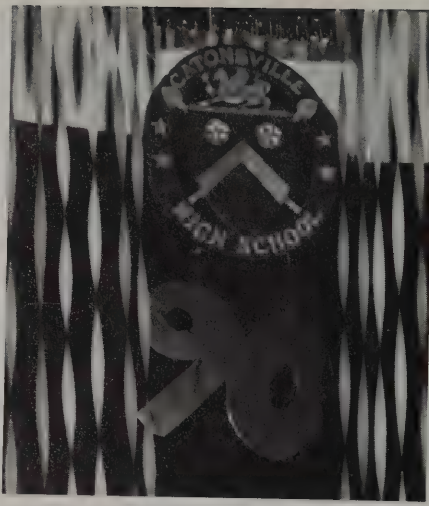
Activities



REGGAE NIGHT

On September 23, the SGA held the first dance of the school year. With the music provided by Determination, an exciting night was in store for all. The reggae music gave an unusual, eventful change which was enjoyed by the many who attended.



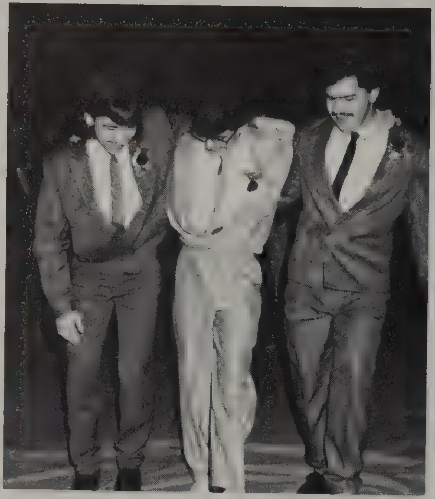


RINGS AND THINGS

The Junior Ring Dance was held on Friday, November 18, 1988. Many anticipating Juniors came for the traditional ceremony to receive their rings as their parents looked on. After each student received his ring, each advisor turned the ring, beginning the ring-turning tradition that is carried out by each class. The dance afterwards, with WGRX's Mark the Shark providing the music, left people dancing into the night.

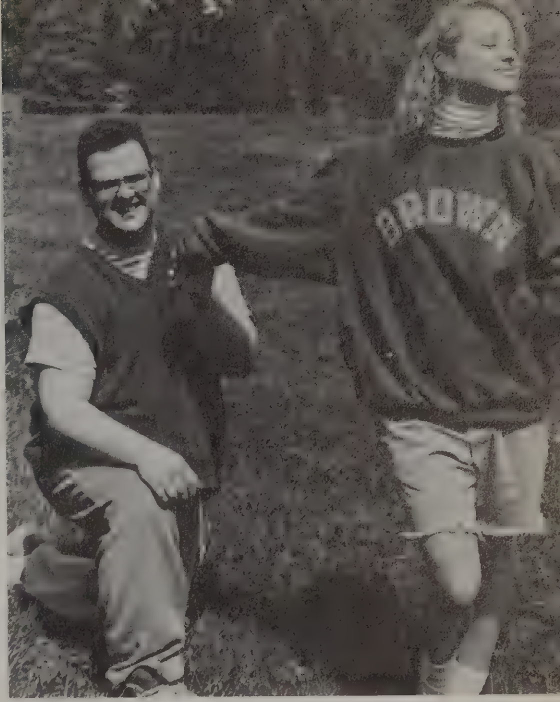
JINGLE BELL ROCK

On December 17,1988, the SGA held the annual winter holiday dance. With the theme Jingle Bell Rock, and many elaborate decorations, all were in for a festive evening. The highlight of the dance was the traditional crowning of the Christmas queen, Courtenay O'Connor, and her court — Kim Holland, Danielle Nazelrod, Aimee Smith, and Stacey Sprecher. Dancing to the music of Class Action, everyone left in the holiday spirit.



SENIOR POLL

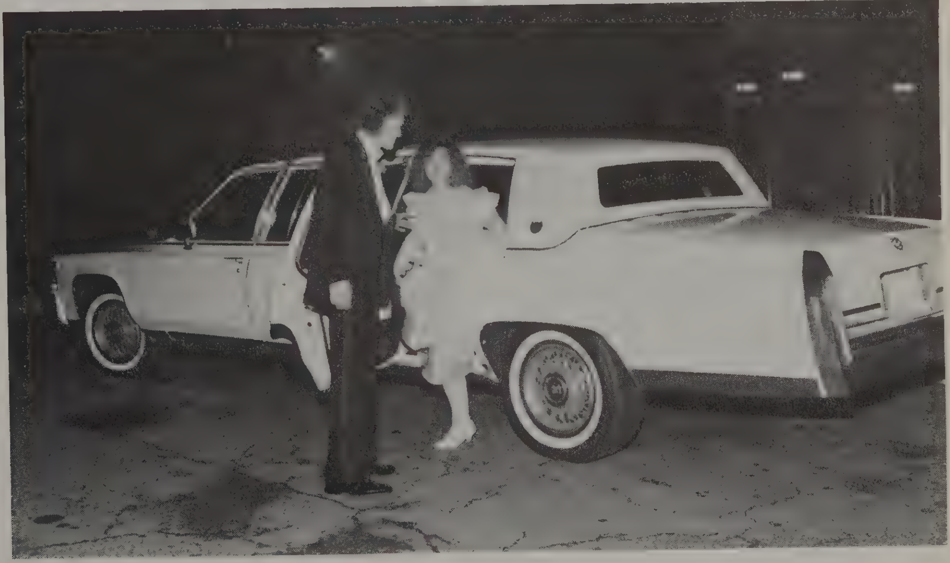
Clockwise from top L: Best Dressed-A. Terrell, L. Estes; Best Couple-T. Castellano & J. Helt; Most Artistic-J. Fisher, S. Wagner; Class Clown-K. Garde, J. Hunt; Best Looking-B. Young, C. O'Connor; Most Likely to Succeed-B. Jeffries, J. DelNero; Best Companion-M. Johnson, K. Hildebrandt.

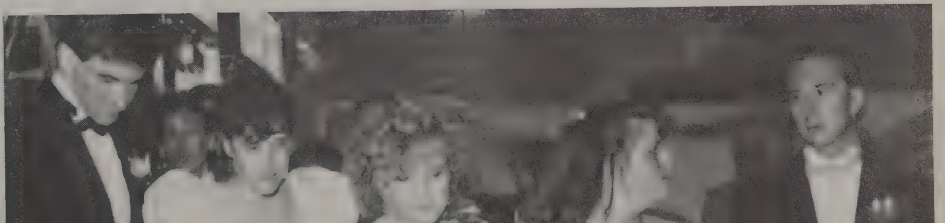


Clockwise from top L: Most Athletic-J. Stiffler, D. Nazelrod; Best Actors-D. York, M. Kloetzel; Shyest-J. Rubin, W. Leslie; School Spirited-D. Kline, S. Wildes; Life of the Party-K. Garde, K. Hildebrandt; Biggest Flirt-D. Harris, S. Brammer; Wittiest-S. Lample, J.Johnson.

MOONLIT GARDEN

On Saturday, April 29, the junior class held its annual Junior Prom. "Moonlit Garden" was their chosen theme, and Garland's transformed the gym with elaborate decorations into a tropical paradise. The Class of 1990 chose Led Zeppelin's "All My Love" as their theme song. WGRX provided the music, keeping everyone's spirits high. The sophomores gave a hand and rounded out the evening by serving hors d'oeuvres. The prom remembrance, an engraved mirrored key ring designed to hold the prom picture, was provided to all in attendance. Memories of that special night will last forever.





LIL' ABNER

On March 10th and 11th, Catonsville High School presented the musical Lil' Abner. This play was a smashing success as there was nearly a full house both nights. Under the direction of Duane Cippopini, leading roles were played by Ken Matson, Jill Stauffer, Andrew Gerle, Dave York, and Mark Weisner in the two month project. Barbara Ward, in charge of vocals, deserves much credit, as well as Marti Taylor Clemmons, who put together the impressive choreography. Of course, the play could never have existed without the stage crew and orchestra. Stage manager, Jane Johnson, along with the productional direction of Kitty Bannister, created an amusing two dimensional set that captured the comic strip theme on which the show was based. Last but not least, Jim Whorton directed the orchestra which provided the music to showcase the true talent of all the stars. Over one hundred students from CHS came together, and they were undoubtedly wonderful.

SENIOR TAKE-OVER DAY

On May 18, 1989, the seniors ruled the school for a day, showing the leadership skills of the future. The students replaced faculty and staff members at CHS. The students who replaced teachers were required to make up lesson plans and teach the class. Those who assumed the roles of office administration and guidance staff were required to complete the tasks of a regular work day. The trade off allowed students to gain responsibility as well as respect for the hard work done by the teachers and staff of our school.

DEBATE

Throughout the year, CHS' debate teams were ever present as one of the top three teams in every tournament. Under the direction of Mr. Sharp, four team members plan to attend the National Finals in Philadelphia. They hope to continue their success next year when they host an invitational tournament.

SGA

Under the leadership of David Kline, the Student Government Association led another productive year for CHS. Besides representing the school at the Baltimore County Student Council, they successfully planned and held two dances, a canned food drive, and two blood drives, as well as purchasing an electronic message board for the cafeteria to more effectively communicate with the rest of the student body.

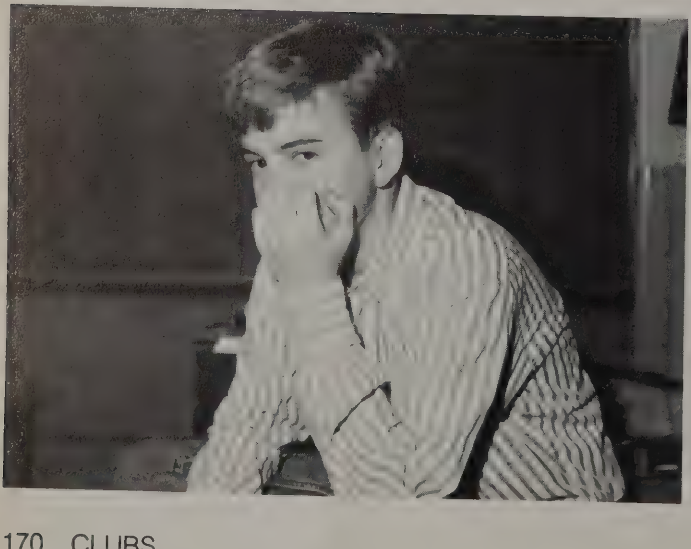
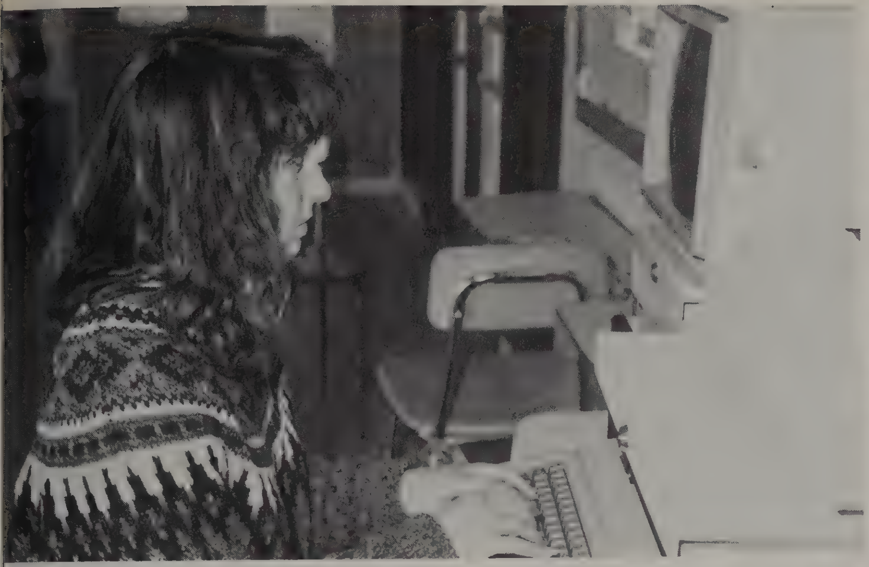
COMET

With editor Jen DelNero, The Comet made great strides in 1989. Impressive stories about the 1988 election and a special article on twins helped to create a professional newspaper which was up on current issues and interests. Journalism students, encouraged by advisors Sally Gracie and Jeff McDaniel, learned the techniques of creating a newspaper beyond the amateur level.





ELLIPSIS

Taking over the editorial positions from the talented poets of 1988 are David York and Matt Ramsey, who have developed the Ellipsis into a very notable poetic effort. Many new, gifted underclass poets have joined the experienced, older staff to create another award-winning magazine for 1989.

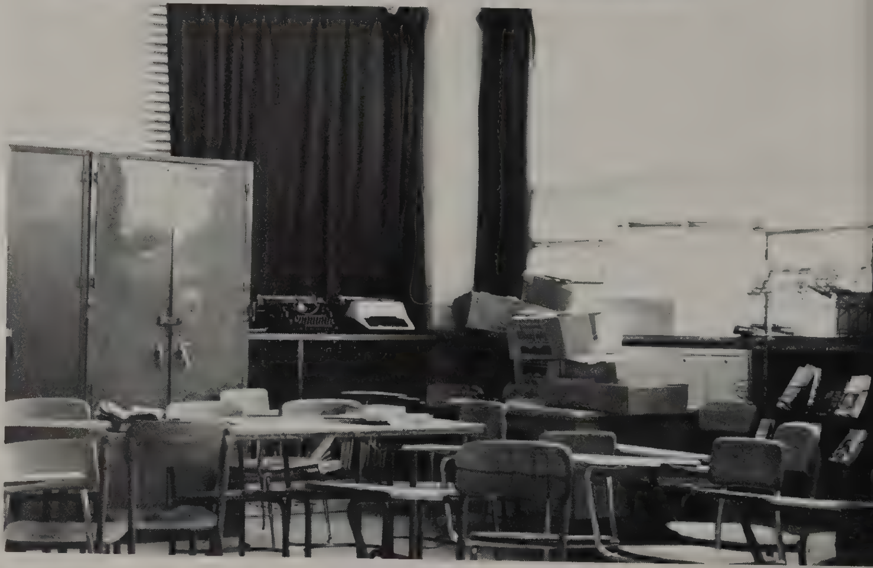
CATONIAN

The 1988-89 Catonian staff battled through a tough year with only two returning members. The rookies worked hard and added a lot to the book. With the help of a new computer, the staff hoped to produce a most creative product. Sue Tustin, the patient yearbook advisor, offered help and assistance and is looking forward to another challenging year.



AFS

This year the American Field Service grew phenomenally both in size and enthusiasm. Besides having two new students from Finland and Paraguay, the group has sent Evan Duverlie away to Spain for the entire school year. After a fun and interesting Christmas party with many cultural foods and activities, the groups sang ethnic songs and heard from Janne Jokinen and Enrique Ambrosewich about their home countries.

CROSS COUNTRY, RUNNIN' WILD

The boys' and girls' Cross Country team finished an impressive season, competing in County and Regional championships. Then qualifying for States, the boys' team finished 16th out of 47, and the girls' finished 14th out of 47. The team was packed with raw talent which was perfected by strenuous practice. Everyone contributed to the effort and support that pulled the team together and made it victorious.

FOOTBALL REBUILDS

The Comet varsity football squad played with heart, yet came up short of Coach Art Reeves' pre-season expectations, finishing the season with a 4-6 record. There were several key problems which contributed to the team's record including injuries, academic ineligibility, and work schedule conflicts. Despite the problems, there were a few bright spots. Both Tim Faircloth and Kareem Lamb excelled, and seniors Charles Weiland and Scott Roarke were named to the County All-Star team.

The JV football team had a very successful 1988 season finishing with a fine 5-2 record. The two losses were by a slim total of 4 points. Outstanding defensive performances were turned in by Sammy Richburg, Andrew Lample, Kwami Mensah, and Juan Foreman. On offense, Dwight Martin, Brian Dunbar, Eric Michener, and Doug Doyle provided the punch. The coaches Isham and Pickett are looking forward to another good season next year with many returning players.

HOCKEY MAKES HISTORY

Hard work and dedication led the girls' varsity field hockey team through a great year with a final record of 7-4-2. The girls created a milestone in Catonsville history as they earned the title of regional champions and forged ahead into the state finals. Four players rose to All-County, contributing to the season's excitment and rewards. High spirits, cooperation, and great plays clicked together. The girls' unity led to a well deserved winning season.

The girls' JV hockey team created their own victories this season. The players enjoyed having the upper hand on other teams because of their advanced skill and experience. The goal during the season was to concentrate on teamwork, not individual play. This philosophy proved successful as they ended the season with a 7-1 record.

SOCCER SOARS

The men's soccer team, breaking many records, soared to the best record in the school's history while capturing the Baltimore County 2A-A title. Coach Dave Lane described the season as "fun, emotional, and a constant high." He attributed the 13-1 record to hard work and persistance. The well balanced 16 man squad worked as a team to achieve a record 10 shutouts.

The JV soccer team, defending County champions, fell one spot short as they came in second. Coach Dennis Quinby attributes their solid 5-3-1 record to great defense and a competitive team. "With a few more breaks, we could have finished first."

A KICK INTO REGIONALS

The girls' Varsity Soccer team had a very successful season finishing with a record of 8-4 and a berth in regional play. In the regionals they advanced to the finals by beating Sparrows Point, 9-6. Unfortunately, they lost a tough game to EVT to end their season. Coach Bury attributed their fine season to a lot of individual talent.

J.V., on the other hand, didn't have quite as much individual talent as varsity, but they gelled as a team to put together a fine 4-2 season. Coach Schuyler explained their performance by saying, " They didn't care who scored as long as the team scored."

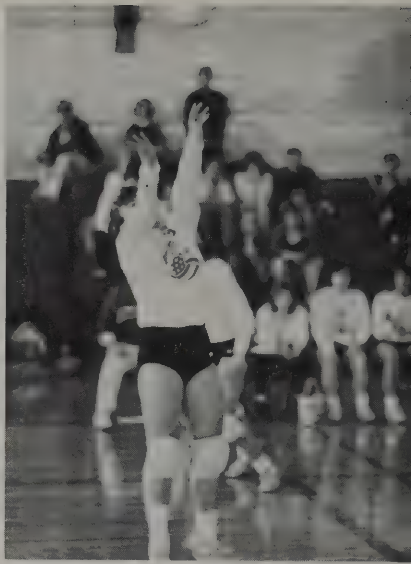
A VOLLEY INTO STATES



The rebuilding volleyball team of 1988 began with some doubt and little experience, but ended with unanticipated success. With heart and dedication, they pulled through a 7-5 season and a victory in Regional play to advance to State competition. Coach Debbie Clem "felt a special closeness with this team" as she watched them progress throughout the season. "My goal is to get into Regionals," said Clem, and little did she or her team know that their goal would be captured and ultimately surpassed.

Coach Alan Arnold had every right to be proud of his JV squad of 1988 with their tremendous season of an 8-2 record. Unfortunately, they missed their chance in the County playoffs by one loss, but Mr. Arnold summed up their season as, "the girls did a great job and we had lots of fun". For both the JV and varsity teams, the season came to a close in a most rewarding manner, with pride.

BASKETBALL-BUSTIN' LOOSE

This year's varsity squad finished the season with a 9-10 record. The team was one of the youngest in CHS history, starting two sophomores and only one returning player with varsity experience. Despite the team's inexperience, the Comets never-quit attitude and scrappy play kept them in every game. With the young players gaining valuable varsity experience, the team is looking forward to a very sucessful future.
The jv basketball team defended its county championship with an outstanding effort. A high powered offense and a pressing man-for-man defense led the team to a 16-4 record, and second place in the IA-IIA division. Only an overtime loss to Pikesville in a rematch prevented the JV team from playing in consecutive championship games.

BOUNCIN' TO REGIONALS

The women's 1988-89 basketball team had a very successful season with an ending record of 13-4. With slim competition and many injured players, they pulled through the long weeks of play into the Regional Championships, but unfortunately were defeated by a five point loss. Coach Quinby summed up the season as "one where we got to prove ourselves and have a lot of fun. I am very proud".

As for the women's JV squad, they came out even more victorious with a 16-1 record and the County Championship title. Their new coach Wally Isham said "enjoyable" would be a one word description for the season in that "all girls gave 100% and had a great time".

INDOOR TRACK BEATS THE TIME

The boys' and girls' Indoor Track teams achieved greatness this season. Both teams competed in County, Regional, and State tournaments. Out of 21 teams in the County Championships our girls finished 7th and the boys finished 8th. The girls' team rallied to capture the Regional title, beating the reigning County Champions, Milford Mill. The boys turned in an impressive 2nd place performance in Regionals. With hard work and dedication the team pulled together and gave all they had at States. The girls placed 8th and the boys placed 15th out of 50 teams. The 1989 Indoor Track team established a record of excellence.

WRESTLING SWEATS IT OUT

Over the past two years, Catonsville wrestling has seen a new light. With a significant increase in the number of wrestlers, along with new found optimism, the team doubled their number of wins. The leadership of Jeff Byerly, Chris Johnson, JT Lichliter, and Brian Bateman helped train and develop many young, talented wrestlers who possess much potential. Coach John Leslie said,"I feel good about our season", and looks foward to continued success, as a strong J.V. will be moving up to complement the remaining grapplers on the varsity.

RAIN DAMPENS HIGH HOPES

The varsity baseball team ended its season abruptly with a disappointing 6-7 record. The story of the season was rain, which forced numerous postponements that eventually led to 5 cancellations because of lack of makeup time. Coach Art Reeves complained about the weather by saying, "We never achieved any continuity; we had to start new every other week." After starting off quickly with a 4-1 record, the team's unfortunate finish was partially attributed to a couple of disappointing performances. No one knows if the baseball team would have made the playoffs with the completion of the last 5 games, but chances are they would have, considering the competition. Basically the season was a series of disappointments, considering the true potential of the entire team.

The JV suffered from similar circumstamces as they were not able to play 6 games due to inclement weather. Coach Leslie claims most of the remaining games that could not be played were "near definite wins". One of the problems for the team was that they only had one returning starter. Because of their youth, the rain hurt even more, as the showers stymied any growth and development. Even under all these circumstances they still played to a respectable 7-5 record. Coach Leslie does anticipate a bright future as the young group will grow into a fine unit. Hopefully for the sake of the basebll program, there will be sunny days ahead.

SLIDE INTO REGIONALS

The girls' varsity softball team ended a long and rough season with a 7-8 regular season record. Coach Tony Donia said, "At times the team was fragmented and didn't appear to be on the same course, and at other times they played well and jelled together as a team." With this jelling and a little luck, they qualified for Regional play but lost in the semifinals to Chesapeake.

The JV squad had a slow start also, but ended with a better than .500 season. According to coach Diana Mand, "The talent was there, but it had to be developed. After this development, they functioned as a unit, and with strong commitment, it resulted in continuous wins." With caring, dedication, and a lot of fun, the young team improved greatly and came out winning.

LACROSSE LEAVES ITS MARK

The men's Varsity lacrosse team had a banner season, finishing as the 1A-2A County Champions with a 9-0 record in league play. Coach Lathroum felt "this was the best season boys' lacrosse has had in over seventeen years." They were led by a stingy defense with goalie Bill Griffin who allowed an average of only 2.8 goals per game. The offense was led by senior attackman Jeremy Stiffler, junior attackman Matt Pittroff and sophomore midfielder Greg Miller.

The JV lacrosse team continued in its winning tradition with a 6-1 record for regular season play. The record earned the team a position in the Baltimore County JV Championship which ended a successful season.

LACROSSE STICKS IT OUT

The girls' varsity lacrosse team had a disappointing season with a record of 3 wins and 5 losses. "We had a lot of talent," said Debbie Clem, "but sometimes we just couldn't get it to click as a team." With a tough schedule and so many injuries, the Comets had to constantly change player positions, making it difficult to play consistently as a team. Despite their several downfalls, they ended the season with a huge win over Randallstown.

The JV squad had a great season, becoming the first undefeated girls' lacrosse team with an amazing 7-0 record. With talent, hustle, and a lot of fun, the girls made their way to the County Championship. Coach Kathy Schuyler said she had "very high hopes" for her team. "They worked hard and fulfilled all my expectations while displaying team sportsmanship and having lots of fun." They played an awesome final game for the championship, but unfortunately were defeated in overtime by one goal.

SWINGIN' INTO THE SEASON

The Tennis team completed an outstanding season finishing second in their division with an 8-2 record. Coach Talarigo attributed the success of the team to its hard work during the off season. Boys' singles and doubles, girls' doubles and mixed doubles all participated in Counties, turning in impressive performances. Encouragement and support came from the more experienced players on the team, seniors Kristin Clark, Sarah Herlein, Cha Palanki, and Casey Phelps. With this intense preparation, the team can look forward to an even more exciting season next year.

TRACK TREKS TO TOURNEY

During the past two years, the track and field team has gone nowhere but up, under the direction of Jeff McDaniel. Catonsville can now be said in the same sentence with elite teams such as Dulaney and Milford Mill. The most encouraging part about this outstanding team is that most of the members are only in ninth and tenth grade, meaning they will only get better. The girls' team who went 9-0, was more than a pleasant surprise to Mr. McDaniel. He went out to recruit and came up with a slew of ninth and tenth graders. It just turned out these underclassmen not only had exceptional talent, but a dedication that Mr. McDaniel could not say enough about. These young girls, under the leadership of a few key seniors, amazingly were able to see themselves to states. The boys' team's success was not quite as much of a surprise as the girls' team, but nevertheless, they performed on an outstanding level. They too were able to send a number of athletes to states. These athletes were also mostly underclassmen, assuring strong times ahead for the track and field team.

GO COMETS GO !!!!!!!

The 1988-89 Comet Cheerleading squad continued cheering Comet teams to victory this year. Thanks to the overwhelming spirit demonstrated by the squad, our fall and winter teams had continuous support throughout their seasons.

ACCOLADES FOR ATHLETES

The twelfth annual Varsity Club Banquet was successful once again in rewarding and recognizing many hard working athletes at the varsity level. The MVP and Unsung Hero awards were presented by the coaches of the teams to show thanks and appreciation for all the work and dedication the athletes have shown over the years. Also the TIMES Athlete of the Year and Varsity Club athletic supporter sportsmanship awards were presented. The Elk's Club of Catonsville not only provided the facilities for the ceremony, but also awarded five different teams with banners for their success in County, Regional, and/or State tournaments. This year's featured speaker was Mr. Paul Blair, former Baltimore Oriole and future member of the Baseball Hall of Fame. He encouraged the students to not only participate in sports, but most importantly to pursue an education. It was a night for students, parents, and coaches to all be proud of and to remember for years to come.

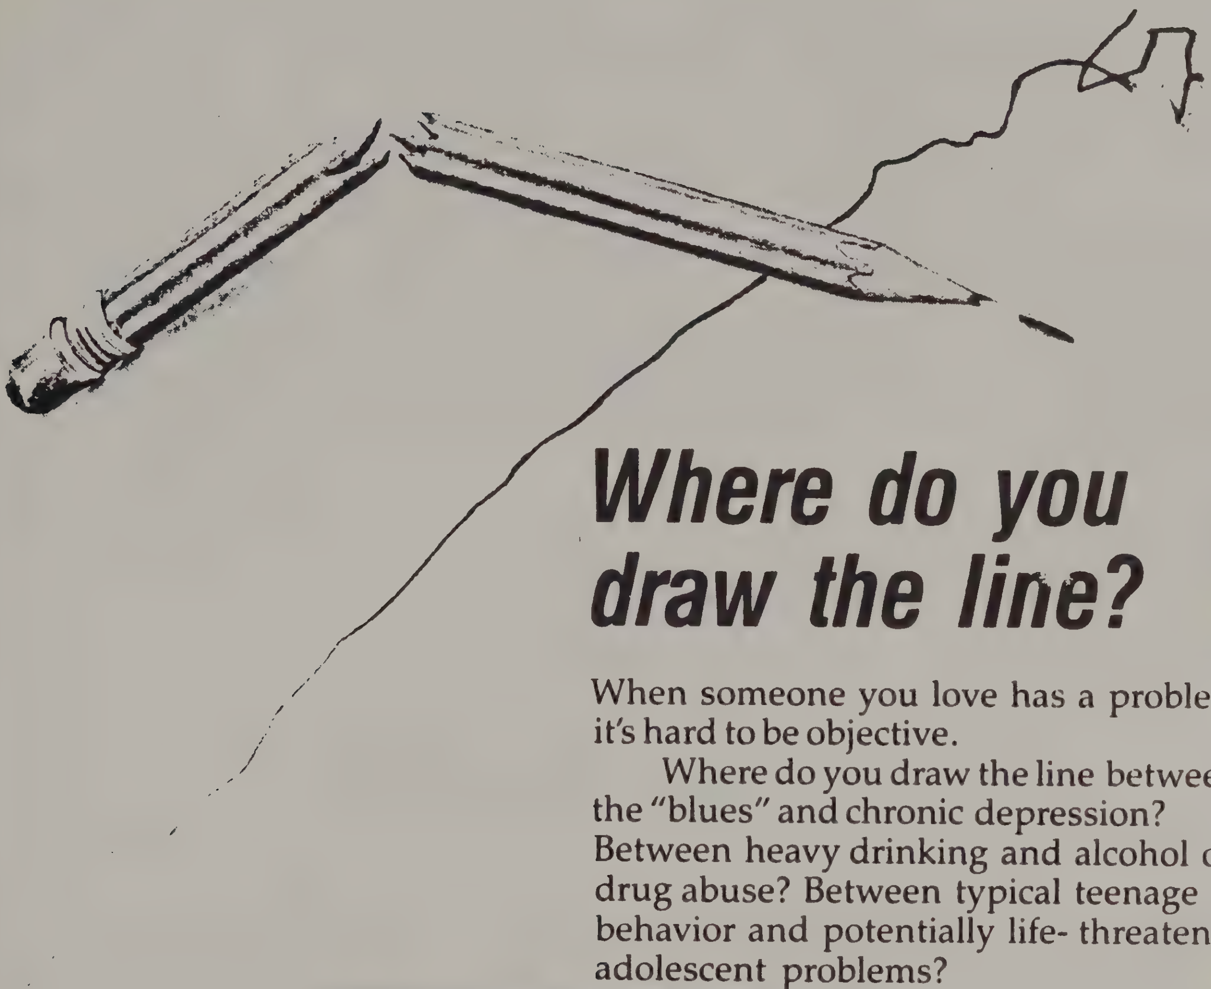
EQUAL HOUSING OPPORTUNITIES



Where do you draw the line?

When someone you love has a problem, it's hard to be objective.

Where do you draw the line between the "blues" and chronic depression? Between heavy drinking and alcohol or drug abuse? Between typical teenage behavior and potentially life- threatening adolescent problems?

For more than 80 years, the professionals at Taylor Manor Hospital have been helping people identify and treat emotional disorders. We have specialized programs for adolescents, young adults, adults, addictive behaviors, and members of the clergy.

Call us. We can help.

PATRONS

Members of the Class of '89:

The Battle of Hastings . . . the quadratic formula . . . when to use a possessive. You've had to learn these an
many other facts during the last four years and you've done such a good job of it. After you leave Catonsville, y
join the services, have good jobs, go to excellent colleges — all because you've learned those facts. But yo
also learned an equally important skill to carry you through life — how to cope with disappointments. Not ge
picked for the lead. Breaking up after two years. Being cut from the team. Getting a B+. The deaths of a fe
student and a highly respected teacher. I commend you on how well you've learned to handle these setba
during the last four years. Keeping things in perspective. Developing coping skills. Looking at the positive asp
of each situation. You've come so far in such a short time!

It has been my very great pleasure to observe your growth during these formative years. To bask in
reflected glory. To brag to my associates in other high schools of your academic achievements, your athletic s
your excellent behavior.

My disappointment in seeing your leave Catonsville is mitigated by the knowledge that I'll be hearing of
future successes for many, many years.

I'll miss you!
